NCAA Eligibility Center Coaching Education

The NCAA Eligibility Center Coaching Education course has been jointly developed by the Eligibility Center and the National Federation of State High School Associations. The course is designed to educate high school teachers and coaches about the NCAA's initial eligibility requirements. After completing the course, you will be more prepared to advise your student-athletes about the necessary steps to become certified to compete in NCAA Divisions I and II athletics. Coaches can start and complete a course immediately after a course purchase is approved, and will have up to one year after purchase to review and access all printable resources.

Unit 1: Overview

- Welcome
- Introduction
